

# About AMOSCA

AMOSCA are a UK-based Enterprise Performance Management (EPM) and Business Intelligence (BI) consultancy, providing business, financial and technology solutions to corporations worldwide.

Specialising in the design, development, implementation and support of Oracle EPM & BI solutions, AMOSCA are committed to delivering highly functional, efficient and manageable solutions that are future proof and deliver both a time and cost saving.

AMOSCA have established an impressive reputation for service excellence and outstanding results, working in close partnership with our customers and the Oracle community.

## What can we do for you?

**AMOSCA Services** provides experienced, dynamic and cost effective services across the full Oracle EPM & BI tool set. We handle the full project lifecycle, including detailed requirements gathering, design, build, implementation and training, as well as application and infrastructure upgrade and review.

**AMOSCA Solutions** offers tailored solutions to meet specific business function requirements through a combination of software and consultancy services. Our solutions address key business reporting and compliance challenges such as integrated and sustainability reporting, XBRL and Tax Accounting.

**AMOSCA Software** enhances client investment in Oracle EPM & BI by advising on the optimal combination of software products. AMOSCA also distribute a portfolio of value added software solutions, which Oracle EPM & BI clients worldwide trust and rely on to operate and maintain their EPM & BI environments more efficiently.

**AMOSCA Support** offers a dedicated Managed Application team via the AMOSCA Support Centre (ASC). Combined Oracle EPM & BI knowledge extends client support and maintenance capabilities to ensure improved product knowledge, best practice and application functionality are achieved.
